

MY CONCEPTION OF THE PRESIDENCY

Under That Caption Bryan Sets Forth His Idea of the Chief Magistracy.

POWERS OF GOVERNMENT.

Are Co-ordinate—President's for Good Or Evil Often Overestimated—Presidency Highest Position.

New York, July 13.—William J. Bryan has written an article entitled "My Conception of the Presidency," for the July 18, issued by Collier's Weekly.

"The president's power for good or for harm is often overestimated. This government is a government of checks and balances; power is distributed among different departments and each of them works in co-operation with others. In the making of laws, for instance, the president joins with the senate and house; he may recommend, but he is powerless to legislate, except as a majority of the senate and the house are also independent of each other, each having a veto over the other; and the president has a veto over both except that the senate and the house can, by a two-thirds vote, override the president's veto. The influence of the president over legislation is, therefore, limited; he shares responsibility with a large number of the people's representatives.

"Even in the enforcement of law he is hedged about by restrictions. He acts through an attorney general whose appointment must be approved by the senate, and offenders against the law must be prosecuted in the courts, so that here again the responsibility is divided. In the making of important appointments, too, he must consult the senate and is, of necessity, compelled to exercise care and discretion. The most important requisite in a president, as in other officials, is that sympathy shall be with the whole people, rather than with any fraction of the population. He is constantly called upon to act in the capacity of a judge—deciding between the importunities of those who seek favors and the rights and interests of the public. Unless his sympathies are right, the few are sure to have an advantage over the many, for the masses have no one to present their claims. They act only at elections; and must trust to their representatives to protect them from all their foes.

WHAT PRESIDENT NEEDS.

"Second, the president must have a knowledge of public questions and the ability to discern between the true and the false; he must be able to analyze the conditions and to detect the sophistries that are always employed by those who seek unfair advantages. "He must possess the moral courage to stand against the influences that are brought to bear in favor of special interests. In fact, the quality of moral courage is as essential in a public official as either right sympathies or a trained mind. "A president must have counselors and, to make wise use of counselors, he must be open to conviction. The president is committed by his platform to certain policies, and the platform is binding; he is also committed to certain principles of government, and these he is duty bound to apply in all matters that come before him.

FIELD OF ACTION.

"But there is a wide one in which he must not upon his own judgment, and here he must have the aid of intelligent, conscientious and faithful advisers. The law provides these to a certain extent in giving him a cabinet, and the vice president ought to be made a member of the cabinet ex officio, in order, first, that the president may have the benefit of his wisdom and knowledge of affairs, and second, that the vice presidency may be better prepared to take up the work of the president in case of a vacancy in the presidential office. There ought to be cordial relations also between the president and those who occupy positions of influence in the co-ordinate branches of the government, for our government is not a one-man government, but a government in which the chosen representatives of the people labor together to give expression to the will of the voters.

HIS HIGH OFFICE.

"But the presidency is the highest

position in the world, and its occupant is an important factor in all national matters. If he is a devoted believer in our theory of government, recognizes the constitutional distribution of powers, trusts thoroughly in the people and fully sympathizes with them in their aspirations and hopes, he has an opportunity to do a splendid work; he occupies a vantage ground from which he can exert a wholesome influence in favor of each forward movement. "The responsibilities of the office are so great that the occupant ought to be relieved of every personal ambition, by consecrating himself to the public weal, can make himself secure in the affections of his fellow citizens while he lives and create for himself permanent place in the nation's history."

THE REMEDY THAT DOES.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Z. C. M. I. drug store. 50¢ and \$1.00. Trial

PARKER WILL TAKE THE STUMP FOR BRYAN

Helena, Mont., July 13.—Judge Alton B. Parker, who arrived here tonight, announces that he will take the stump for William J. Bryan. He predicts that New York state will be carried by the nominee of the Denver convention.

In an interview with the Associated Press, Judge Parker stated that he intended to offer his services to the Democratic national committee as a campaign speaker and would devote all his time to making speeches. He said he would speak outside of New York, but at this time could not state what places he would speak in. Judge Parker said he believed the Democrats had a good chance to carry New York this year and that he would give his hearty support to Bryan and Kern. From Helena Judge Parker will go to Livingston and meet Delany News of New York, and the two men will spend about three weeks touring the Yellowstone national park.

While here Judge Parker has been the guest of Thomas J. Walsh.

NEW OWNERS OF TIMES.

London, July 14.—The Chronicle asserts that the new proprietors of the Times newspaper include Lord Rothschild, Lord Cromer and Lord Northcliffe, the last named having a controlling interest.

GOMPERS WILL SUPPORT BRYAN

Announcement Overshadowed All Other Matters. Even Kern's Arrival, at Fairview.

HE WILL NOT TAKE THE STUMP

His Course is Clear and He Will Do What Is Demanded of Him in Interests of Labor.

Fairview, Lincoln, Neb., July 13.—Samuel Gompers, president of the American Federation of Labor, and informally head of 3,000,000 voters of organized labor affiliated with the federation, will support William Jennings Bryan in the coming presidential campaign. In political circles here today this announcement overshadowed all others, even the arrival of John W. Kern, the vice presidential nominee. Mr. Gompers' support was promised to the ticket, but he specifically denied any present intention of taking the stump in the coming campaign. Reports gained currency that the labor leader would speak from the platform, but he made no such announcement. As he left Fairview, after a 15 minutes' interview with Mr. Bryan, his manner was enthusiastic and his promises satisfactory to Mr. Bryan. At present it is believed there will be no need for Mr. Gompers' services in an oratorical sense.

Mr. Gompers does not expect to be called upon to speak publicly in the campaign. The Republican convention, he asserts, ignored the demands of labor; the Democrats acknowledged them in their platform. His course is clear; he will do what is demanded of him in the interests of labor best expressed in the platform adopted at Denver. As the situation is at present, Mr. Gompers' efforts can be better expended elsewhere than in speakers' stands.

In his interview with Mr. Bryan, Mr. Gompers was attended by Frank Morrison, secretary of the federation, and James Duncan, also a labor leader. The representatives of organized labor and vice presidential nominee Kern and party reached "Bryan station," by the same trolley car. Mr. Bryan in his neglected federal hat and alpaca coat was there to greet them.

HITCHCOCK GETS QUARTERS FOR NATIONAL COMMITTEE

New York, July 13.—Frank H. Hitchcock, chairman of the Republican national committee, today selected quarters for the committee in the Metropolitan Life building here. The active presidential campaign will be begun on Aug. 1, when the committee will open headquarters. Mr. Hitchcock said tonight: "It is my intention to spend most of the time during the campaign in the city and direct the fight from here. Mr. Taft will not make any speeches until after the first of September, at least, that was my understanding when I saw him in Hot Springs. I expect to see Mr. Sherman in El Paso late tomorrow, and will be in the city again on Wednesday to see several politicians who have indicated a desire to discuss matters connected with the approaching campaign. I shall return to Washington on Wednesday evening."

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c, at Z. C. M. I. drug store."

WESTERN FEDERATION OF MINERS CONVENTION

Denver, July 13.—The opening session of the sixteenth annual convention of the Western Federation of Miners today was devoted to the appointment of a committee on credentials and two short addresses, one by George Halley, president of the Colorado State Federation of Labor, and the other by W. S. Burns, a member of the Miners' union at Virginia, Nev. Both men declared that the two organizations should work in harmony if not together.

It is stated by those in authority that the two addresses were but the beginning of an open movement, the ultimate object of which is amalgamation.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

It is to these faithful women that comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say: "I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

It was also said that President Thomas Lewis of the United Mine Workers of America is on his way to Denver and will appear before the convention either Wednesday or Thursday and that an unofficial conference will result with a view of amalgamating the coal and metalliferous miners. Already there is an interchange of cards. Should such a union be effected, the organization will probably be known as the United Mine Workers of America, the coal miners to comprise the coal department and the western federation the metalliferous department.

The following is the committee on credentials: Charles R. Waters, Silverton, Colo.; Edward Long, Butte, Mont.; J. C. Scott, British Columbia; James McNeill, Turley, S. D.; C. R. Burr, Hart, Nev.; William Jinkerson, Flat River, Mo.; A. E. Risley, Mullin, Ida.

President Meyer will deliver his annual address after the permanent organization has been effected.

The credentials committee will recommend that William D. Haywood, the former secretary-treasurer, be given a seat in the convention with a complete delegate authority, though he is not a delegate or an officer. As the credentials committee was not ready to report, no session was held this afternoon.

NEW YORK DEMOCRACY.

Asked to Arrange for Ratification Meetings All Over the State.

Albany, N. Y., July 13.—It was announced today from the Albany headquarters of the Democratic state committee that State Chairman W. J. Conners has sent letters to Democratic state committeemen and various county chairmen, requesting that a call be issued immediately for a meeting of the general committee in each locality and that arrangements be made for a ratification.

caution meeting to organize Bryan and Kern clubs in each county.

"I want to have at least one ratification meeting in every county before the 1st of August," says the letter in part. "I have just returned from Denver, frankly and sincerely feeling very enthusiastic about the ticket," said the letter. "The convention was one of the greatest I have attended or heard of. It was a magnificent testimonial of the high regard in which Mr. Bryan is held everywhere."

"The platform adopted will commend itself to all thoughtful citizens, especially the planks in relation to national banks and the injunction. The labor organizations of the country are well satisfied, and I believe we will get practically their united support, and will also get the endorsement of many independent Republican business men. "One way for the Democratic party to be successful is for all to put their shoulders to the wheel and do all they can to elect the ticket."

IT CAN'T BE BEAT.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all the troubles of old people. Best too for chills and malaria. Sold under guarantee at Z. C. M. PROGRAM OF FALLIERES' NORTHERN TRIP

Paris, July 13.—The official program of President Fallieres' northern trip has been completed as follows: The president will sail from Dunkirk, July 18, on board the French battleship Verite, escorted by a squadron consisting of the armored cruiser Dupetit-Thouars and three destroyers, for Copenhagen, where he will arrive on July 20. An official reception will be tendered the president on landing at Copenhagen, and he will be escorted to the Amalberg palace, where in the evening a gala court dinner will be given in his honor, followed by a ball at the yacht club in honor of the French naval officers. On July 21, Mr. Fallieres will take lunch with the king and queen of Denmark at the French legation, and in the evening will attend a dinner and court concert.

On July 22 the president will visit the museums at Copenhagen and the luncheon at the Chateau Frederiksberg.

On July 24 President Fallieres will arrive at Stockholm, Sweden, where he will be given an official reception, and in the evening a gala court dinner. On July 25, after a luncheon to Gripsholm, a dinner will be given at the French legation to the king and queen of Sweden. There will be a court luncheon July 26. On the following day the French president will arrive at Reval to exchange visits with the emperor of Russia. The president will dine on board the Russian royal yacht Standart. On July 28 the emperor will return President Fallieres' visit and dine on board the Verite. Only July 31 the French president will arrive at Christiania, Norway, where he will attend a gala court dinner. A luncheon will be given at the French legation in honor of the king and queen of Norway on Aug. 1, which will be followed in the evening by a reception at the royal palace. An excursion will be made to Voss on Aug. 2 and on the same day at 4 p. m. the president will leave Norway for France.

RESUME OF WORK ACCOMPLISHED BY ZIONISTS

Atlantic City, N. J., July 13.—A resume of the work accomplished by the Zionist representation on Palestine was given today by Prof. O. M. Marbut, chairman of the Palestine commission to the annual convention of the Federation of American Zionists. His report comprised an explanation of why the work of colonization had been begun without waiting for the signal from the hosts of Zionists who authorized the colony. He summarized the advantages of Jewish center as it has progressed thus far and cited numerous encouraging signs of future largeness. "Our investigations and statistics," he declared, "have clearly shown that, whose agriculture is capable of great expansion, even without signally large works of improvement. Resolutions adopted by the federation provide for a chairman in Palestine work to be appointed by every society of the federation. A second resolution assigned a certain day for Jewish Arbor day, when collections shall be made for the olive tree fund.

All the Bezeel societies shall be requested to organize themselves into a Bezeel organization of America, and the funds collected for this national organization shall create a special fund for the establishment of an American department in manual training at Bezeel schools in Palestine.

DYNAMITER CONFESSES TO BLOWING UP A RESIDENCE

San Francisco, July 14.—John Claudine, a Greek, 22 years of age, has made a confession to Dist. Atty. General that he is the man who dynamited the residence of James L. Gallagher in Oakland, and afterward wrecked a dynamite house owned by Gallagher in Oakland which were unoccupied. Claudine had been arrested by detectives in the employ of the district attorney. Gallagher is a former supervisor of San Francisco.

The information regarding the arrest, which was made on last Saturday night, has been withheld because the district attorney hoped to be able to apprehend Peter Laudane, an older brother of the man arrested, who is believed by the attorney to be the man who inspired the younger brother to do the deed. It is asserted by the district attorney that in a letter which John wrote to Peter on July 2, which has fallen into the district attorney's hands, John confessed Peter of being the man who planned the dynamiting, and that he accuses his brother of receiving \$1,000 for the job and then refusing to divide.

Although John Claudine has confessed to being the actual perpetrator of the crime he refuses absolutely to divulge the names of the thousands of persons paid his brother \$1,000 for committing the crime.

INDICTED FOR CONSPIRACY.

Portland, Or., July 14.—Henry G. Cook has been arrested at Baker City, Or., on an indictment returned by a federal jury of New York state, charging conspiracy to defraud the government of public lands located in this state.

Cook is the official head of the Oregon Reclaiming and Timber company and the Southwest Texas Development company with headquarters in New York City. He is charged with organizing a fraudulent scheme for acquiring several thousand acres of valuable timber lands in eastern Oregon. A deputy United States marshal has gone to Baker City to bring Cook to Portland to await further instructions from the east.
